

# AUGUST MEMBER MIXER RECAP

On August 16th, Amplify Oshkosh hosted their Summer Member Mixer in downtown Oshkosh during the weekly concert series “Music on Main”. The mixer was a great time for our members to network with each other, listen to fantastic music, and enjoy some sweet summer sun. Attendees were able to utilize the downtown BID’s DORA program to cash in drink tickets at Manila Resto and carry the beverages out to the Opera House Square. Amplify members came out in full force and were able to relax through the hectic times of the summer!

A special thank you to Smart IS International for sponsoring the event as well as every Amplify member that came out for the evening! Stay posted for our October event which will focus on Block Chain technology and why the technology can change your business for the better.
